ENVIRONMENTAL
POLICY

EPD 01

REV: 05

PAGE 1 of 1

As Managing Director of the Carey Group plc and the Board of Directors, I am committed to minimising the impact of our activities on the environment.

The key points of our strategy to achieve this are:-

- We will comply with all relevant environmental legislation and other requirements to which we subscribe as being good practice, which relate to our environmental aspects including alignment with and support of our clients policies e.g. Network Rail
- We will set and review annual objectives and targets designed to ensure continual improvement.
- We will assesses all areas of operation with respect to our potential impacts on the environment and incorporate those identified control measures necessary to mitigate environmental damage including pollution.
- To minimise environmental impacts, for the life cycle (including disposal) of plant, equipment and other physical assets under our control.
- We shall continually strive to improve standards throughout all areas of operation by communicating our policy to all persons working for or on behalf of Carey Group, by enhancing environmental awareness, commitment through structured training and encouraging the adoption of good environmental principals and practice.
- This policy will be displayed in our offices and will be available to the general public through the internet.

In order to achieve these objectives, we shall establish and maintain an effective Environmental Management System based on the requirements of BS EN ISO 14001: 2004.

This policy will be periodically reviewed, amended and re-issued and brought to the attention of all employees and other parties as appropriate

DENIS DEACY
MANAGING DIRECTOR

Date: 16th June 2010
